November 1958

OCTOBER UNIFORM PRICE \$4.14

Dairy farmers will receive a uniform price of \$4.14 for October 1958 deliveries of Grade A milk to handlers under the South Bend-LaPorte-Elkhart, Indiana, milk order. The uniform price is based upon a butterfat test of 3.5 percent and will be adjusted by a differential of 7 cents for each one tenth percent that tests vary above or below the 3.5 percent standard. This minimum price is subject to a 3 cent per hundredweight marketing service deduction, together with the authorized hauling charge.

PRODUCER RECEIPTS

Daily receipts of producer milk showed an increase of 3.66 percent over the September delivery period. The daily production per herd is also up ten pounds to 513#, whereas a year ago it was 519# per producer, but there were 286 fewer producers shipping to the smaller marketing area.

BASE REGULATIONS

All producers requesting "new producer status", or having less than 90 days production received by a handler in the months of September, October, November, and December 1958, will be paid on the following basis for April, May, June, and July 1959:

April delivery price	80% at "base"; 20% at "excess"
May delivery price	73% at "base"; 27% at "excess"
June delivery price	75% at "base"; 25% at "excess"
July delivery price	79% at "base"; 21% at "excess"

All producers who wish to request a "new producer status" for their earned base, must have their WRITTEN REQUEST in the office of the Federal Milk Market Administrator, P. O. Box 216, South Bend 24, Indiana, by February 15, 1959.

CLASS I PRICE

The Class I price for the November delivery period will be \$4.50 per hundredweight for 3.5 percent Grade A milk. This price was computed by adding \$1.30 per hundredweight to the average price of the 12 condenseries in October (\$3.04) and adding the supply-demand adjustment of 16 cents. The supply-demand adjustment for the December delivery period will be a plus 18 cents. This 18 cents plus \$1.10 will be added to the November condensery pay price to give the December Class I price.
